

Here's the drawings for bust enlargement on front bodice, and back adjustment to widen in armhole area without changing shape of the armhole. I drew these on my computer, so they are a little crude, but should give the idea. FRONT drawing is first:

BACK is next:

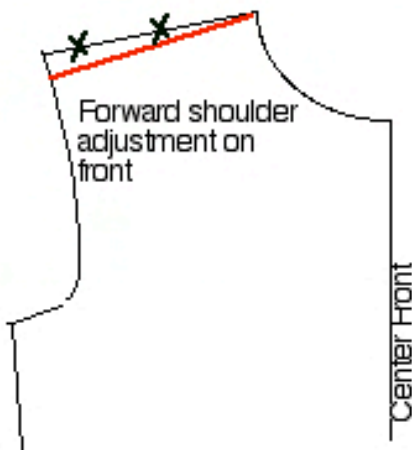

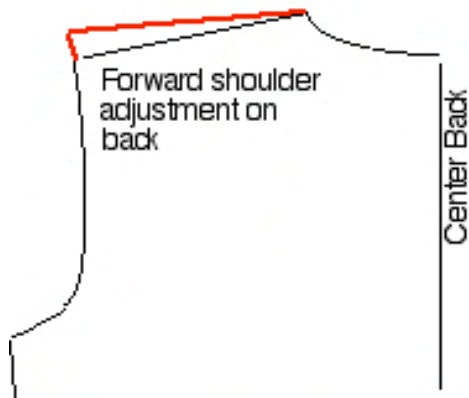

Blue lines are the lines you draw, then cut and move

Black lines are seamlines (seam allowance not shown)

Move outward

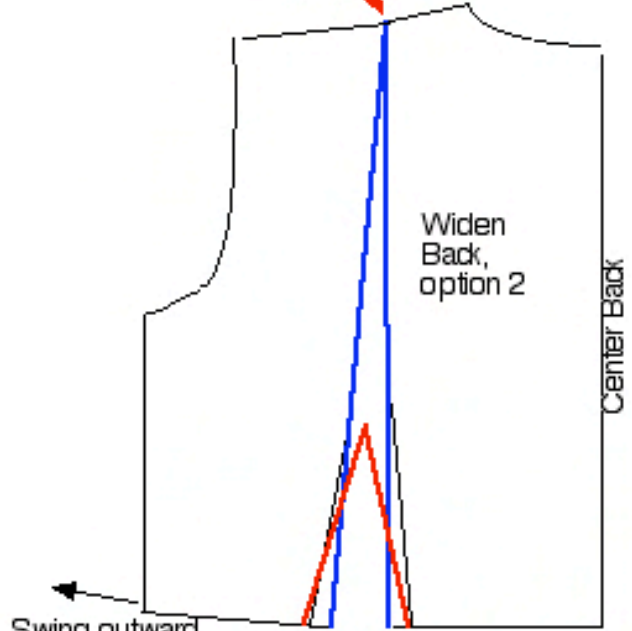

Blue lines are the lines you draw, then cut and move
Red lines are new or altered darts

OR

If you don't need extra width at top:

Pivot

Blue lines are the lines you draw, then cut and move
Red lines are new or altered darts
